### Unique Selling Points

- **Beautifully Simple**– The N9 is a stunning looking phone. Its curved glass screen also makes it easy to navigate in and out of apps so you can use your phone effortlessly. Not having a home or back keys is a unique feature of this device –you simply swipe any edge of the screen to move between apps and the three home views.
- **8 Mega Pixel camera with Carl Zeiss Optics**- Take stunning photos on the move, or start filming in brilliant high definition. The wide-angle lens means you get more friends in the picture –just tap to focus and shoot. Instantly share online for everyone to enjoy.
- **MeeGo Operating System**- The unique operating system allows you to gain quick access to what's important to you. The three home screens give you quickaccess to familiar applications, news feeds from your social networks so you won't miss a beat, and the ability to multitask between multiple open apps.
- **Free Navigation**- Getting places has never been easier. Walk and drive navigation with turn-by-turn voice guidance lets you find the best of things in your city, including cafes, shops, landmarks and more. Preloaded maps for your region lets you get started right away and save on data costs.
- **Next Generation Browser**- A fast and responsive web browser with HTML 5 support so pages load quickly. You can keep multiple pages open at the same timeand move between them.
